

Vision

- a. **What do you want to see in your ministry?** (i.e. What role do you want the ministry to play in the members' lives and what do you want the ministry to become as a whole?)
 - i. *I want the members to feel comfortable within the group. I hope everyone does feel welcomed and accepted regardless of their differences. This was something very important to me when I joined CCF for the first time. It encouraged me to attend fellowship more. I want to create a safe space for the members using this opportunity where people feel comfortable to share their general life struggles or spiritual journey with people in the group. I also hope the members do not feel pressured into being the same as their peers. It's important for them to know everyone has different experiences with Christianity and there is absolutely no right or wrong in where they are at with their spiritual journey.*
- b. **Why do you want to see what you want to see?** (i.e. What direction is God calling you as leaders and why are you motivated to want to see this?)
 - i. *Initially when I accepted to lead a group, I immediately wanted to create the same and hopefully better environment for my members to be in when they attend fellowship. When I joined the fellowship in first year, I felt accepted into the group and that was something important to me as a new student trying to fit into a new big environment. I hope I can help others through the transitioning process, too. I also had a feeling when I was asked to lead that this was God wanting me to connect with Him again and strengthen my beliefs because I was thinking about reconnecting with Him again. I hope this would be an opportunity for me to grow with the members in my group.*
- c. **(Practical ways to implement the vision)** (can be short, doesn't have to be very specific)
 - i. *Reach out to group-mates individually to see how they're doing every other week - pay attention to things they said they were struggling with, follow up with that later during the week.*
 - ii. *Plan some safe food runs within the group*
 - iii. *Pay more attention to freshmen and see if they need my help in any other areas of school.*
