

Women's Group

Elizabeth Ching & Grace Kwok

The foundation.

At Women's we're going to explore what God's love means for us, in how we are to live our lives. We're going to journey together in introspection, to evaluate the way we treat ourselves — do we see how precious we are in God's eyes? We are going to cultivate a culture of doing our best with what God has given us, of taking ownership of who we are, and of seeing ourselves as God sees us. We are going to open up to each other, support each other, and be vulnerable with each other.

The women.

The people are what makes women's ministry what it is. When women come together, without the influence of boys, I believe we share something special, something exclusively feminine. We will share a safe space, to be honest and to be loving. Together we will explore the depth of God's love for us, and out of it build a stronghold of joy and confidence.

The structure.

Women's Ministry will follow a three week rotation.

Week 1. Loving Yourself

- This is the introspective week. We will look into ourselves, and how we can love ourselves in a more Godly way.

Week 2. Loving the Community

- This week we focus on each other and other people. We were made for community, so let's strengthen those bonds between us. God loves us, and from that love, we overflow outwards.

Week 3. Loving God

- We will study Song of Songs together.
