## Ministry Visions 2013-2014

# AV Ministry

Evaine Chan and Jeffrey Lam

It is our privilege to be the leaders of the AV ministry for CCF this year. As leaders, our vision for the AV ministry this year is to serve the fellowship and raise new leaders. The AV ministry exists to provide CCF with a method of communication and assist in the flow of the large group program, which would otherwise be (more) chaotic and disorganized. This is evident in how the worship team is able to lead songs easily and efficiently with microphones and PowerPoint slides. AV ministry is important for the fellowship because CCF is a large fellowship; without AV, it would be extremely hard to capture everyone's attention or notify the whole group about announcements. For example, it is more practical to have PowerPoint slides of announcements than printing copies of the announcements on paper and passing it out to each person. Doing AV for a fellowship is a way to serve God and others by organizing and removing minor details that might otherwise become obstacles and distractions. Our action plan for the school year is to train people to do AV as not that many people know how to do AV. Most of the people who already serve in AV ministry are upper years, and we want to build up new leaders. In 1 Peter 4:10, it says, "As each has received a gift, use it to serve one another, as good stewards of God's varied grace" (ESV). We are called to use the skills and talents that God gave us to serve God and one another. The AV ministry allows CCF members to use and learn new skills to serve God and the fellowship.
